DEFEAT ORDINANCE BY VOTE OF 5-2

CITY COUNCIL FAILS TO PASS PROPOSED POOL HALL MEASURE.

BOTH POOL HALLS GET NEW LICENSES

Proposed Vehicle Measure Tabled Until Adjourned Meeting, Oct. 20.—Sidewalk Ordinances Adopted.

The proposed pool hall ordinance requiring the signatures of two-thirds of taxpayers before a license to run a pool hall, bowling alley and shooting gallery within that block can be granted to any applicant by the council, was defeated by a five to two vote in the council meeting last night. James F. Colby and M. A. Peery were the only two aldermen voting for the proposed measure, while Roy Martin, James Smith, Ed Dragoo, Mose Hahn and L. L. Maier voted against. Mayor Robey was in favor of the proposed measure.

Several talks were made before a vote was taken on the measure. C. B. Yeo of the Yeo Brothers pool hall, Dr. Karl Malotte, representing Mrs. Donna Graham, the owner of the building into which Yeo Brothers intended to move, and Clyde Avitt, who will move his barber shop into this pool hall, spoke against the measure. F. P. Reuillard and Attorney George Robb Ellison talked for the adoption of the ordinance.

After failing to pass this measure, Yeo Brothers were granted a license to conduct a pool hall in their new location, and will move to the Graham building Monday. C. Sweitzer was also granted a pool hall license upon condition that within fifteen days his pool tables be moved to the front of the building, so that the view will be unobstructed from the street.

The proposed vehicle measure was tabled at last night's meeting, but will come up again at an adjourned meeting to be held on October 20. This measure proposes to put a tax on all motor driven vehicles, for the purpose of raising a fund to repair the streets. The measure as submitted last night did not include dealers owning cars, and for that reason no action was taken.

Richard Snyder, who has been city weighmaster, has resigned his position and a new man will be selected by Mayor Robey as his successor.

Several sidewalk ordinances were adopted as follows: Sidewalk on the south side of First street, along Everhart's property; sidewalk on the east side of Mattie street, north of Jenkins; sidewalk on the east side of Mattie along the property of William Murphy; sidewalk along the property of Alva Maul; sidewalk along the John Strough property, on the south side of Thompson street; sidewalk on the east side of Mattie street along the property of Mr. Neely, and a sidewalk on East Vine street, north of Edwards, west side of lot 8, block 19.

The council will meet in adjourned session on October 20 without pay.

MOB RUNS POLICE OUT

Following Night of Rioting, Crowd Releases 17 Prisoners—Marshal Escapes in Jitney.

Special to The Democrat-Forum.

Augusta, Kan., Oct. 7.—Thousands in a mob, following a night of rioting, ran the police out of town, stormed the jail and released seventeen prisoners. When Marshal Crow returned this morning the mob started for him, but he escaped in a jitney. The bootleggers are disposing of whisky on the main street and gambling is going on openly. The governor will be appealed to for troops if matters do not quiet down.

BOONE HAS UNIQUE WATCH

Timepiece Strikes Seconds, Minutes and Hours—Program Pleases Large Audience.

The entertainment by the Blind Boone Concert company at the Baptist church last night was well attended. Boone included in his program three selections from the classics, and also gave a number of his own compositions. He was ably assisted by Miss Marguerite Boyd and Miss Marie Jackman.

An interesting part of the program was the trial of skill in reproducing a piece never heard before. Professor Schuler played a simple waltz which he was sure Blind Boone had never heard, and Blind Boone reproduced it with remarkable accuracy, considering the number of themes and the numerous changes of key.

Before closing his program, Blind Boone told the audience how he told the time of day. He has a watch that strikes the seconds, the minutes and the hours. He pulled this watch from his pocket, pressed a button and a clear-toned bell was heard eleven times. Then the bell rang ten times.

"Eleven minutes till ten," said Blind Boone, and he turned to the piano to play his grand finale of national airs, which closed the program.

BOSTON WINS FIRST GAME

Special to The Democrat-Forum.

Boston, Oct. 7.—Boston won the first battle this afternoon for the world's championship over Brooklyn by a score of 6 to 5.

The score by innings:

	R.	H.	E.
Grooklyn .....000100004—	5	10	4
Boston .....00101031*—	6	8	10

Batteries—Boston, Shore, Mayes and Cady, Thomas; Brooklyn, Marquard, Pfeffer and Myers.

Umpires—Connoly, Dineen, O'Day and Quigley.

Boston today and last night was crowded with fans. The bulk of out-of-towners came from nearby sections in New England. However, there were hundreds here who came from parts as remote as the Pacific coast. The middle west was well represented, while thousands of the visitors in Philadelphia, New York, Baltimore and other towns along the Atlantic slope came.

The Red Sox rule the favorite in the betting on the outcome of today's game, as well as on the result of the series. Offers of 10 to 6 were being laid that the Sox win the series and 10 to 7 that they will win today's game.

WINS OPENING GAME

STATE NORMAL TEAM DEFEATS PALMER COLLEGE OF ALBANY 26-0

TEAM SHOWS UP WELL

Next Game is Scheduled for Cameron With Missouri Wesleyan Team.

The State Normal school opened their football season yesterday with a 26-0 victory over Palmer college of Albany. Captain Pickens of the Normal team won the toss and chose to defend the west goal. Palmer kicked off. The Normal made the first touchdown on a series of line bucks, followed by a successful forward pass to Scott. Garard failed to kick goal. Score, 6-0. Garard kicked off for the Normal. Palmer was held for downs and the Normal took the ball. After a loss on an attempted line buck Scott made a touchdown, receiving a forward pass from Garard. There was some question over the legality of the pass, a Palmer man having touched the ball before Scott. The ball had not touched the ground, however, and the touchdown was allowed. Garard kicked goal. Score, 13-0.

There was no further scoring in the first quarter. On the kick off Palmer ran the ball back ten yards. They made fifteen yards on trick plays and then lost the ball on a fumble. Just before the whistle blew ending the quarter, Scott made 20 yards around end.

Second quarter—Andrews went over for a touchdown on the first play. Garard failed to kick goal. Score, 19-0. During the rest of the quarter the ball alternated in the possession of Palmer and Maryville. Palmer made their chief gains on forward passes and fake plays. Farmer twice broke up trick plays for losses of five yards for Palmer.

The third quarter was fairly even. There was no scoring. The fourth quarter was also even, and Maryville was lucky to score. Hubbard intercepted a forward pass and made five yards. Maryville made first down on straight line plunges. Scott then went over for the last score of the game on a pass from Garard. This was the same situation as in the first quarter, a Palmer man touching the ball and Scott catching it before it touched the ground. Garard kicked goal. Final score 26-0.

The Normal team as a whole showed up well. "Chido" Scott was the individual star of the game. He made three of the four touchdowns and also put up a good defensive game. Garard at full back and Blagg at left tackle also showed up well. Pickens used good headwork in running the team.

A good crowd was present and much spirit was shown in the yells. The next game on the Normal schedule is with Missouri Wesleyan college at Cameron, on October 20.

The teams lined up as follows:

Maryville—Farmer, l. e.; Blagg, l. t.; Sawyers, l. g.; Brown, c.; Hahn, r. g.; Byerrum, r. t.; Scott, r. e.; Pickens, q. b.; Andrews, l. h. b.; Hubbard, r. h. b.; Garard, f. b.

Palmer college—M. Holden, l. e.; M. Green, l. t.; Lowe, l. g.; H. Green, c.; O. Green, r. g.; Twist, r. t.; Price, r. e.; Hatton, q. b.; Lenhardt, l. h. b.; Gibson, r. h. b.; T. Holden, f. b.

Substitutions—Maryville, Bird for Hubbard; Gannon for Hahn. Palmer, Cox for Gibson, Flowers.

Touchdowns—Maryville, Scott 3, Andrews. Palmer, none.

Kicked goals—Maryville, Garard, 2.

Officials—Referee, Charley Moore. Umpire, K. H. Schatz of Albany. Head linesman, Walter Wray.

GRAVES INDICTED AT BEDFORD

True Bill Returned by Grand Jury Against Elmo Man—Quashed Bill Against Herbert Rush.

Edwin Graves of near Elmo was indicted by the grand jury in Bedford this week on a charge of stealing the Abraham Miller car during the Bedford fair week. His bond was placed at $1,500, which he promptly put up, going to Bedford in person and voluntarily, thereby saving the sheriff's trip.

A true bill was returned against Herbert Rush of Parnell by the Bedford grand jury on the charge of seduction, Lola Murray of Blockton being the principal witness, but as Rush's wife obtained a divorce in the Maryville court last week the defendant was free to act and quashed the indictment by marrying the girl.

IS MASTER PIANIST

HAROLD BAUER SO NAMED BY GREAT AMERICAN CRITIC.

IS ADMIRED EVERYWHERE

Chicago Herald Says He Is One of the Best Equipped Pianists Appearing Upon Concert Stage Today.

Harold Bauer, who is booked for Maryville, March 27, 1917, in connection with the Maryville Lyceum Course, is aptly termed "Master Pianist." It was applied to him by one of America's foremost critics when he appeared in this country several years ago.

It suggests to a nicety the pianist's overwhelming victory over the manifold technical difficulties of his art combined with his fine poetic insight, his splendid musicianship and his marvelous powers of interpretation. Master Pianist in every sense is Bauer, a fact which America as well as Europe has long since recognized and appreciated.

Of German-English parentage, Harold Bauer was born in England. Every member of his family was musical. As a boy his gifts attracted wide attention, particularly his violin playing, and a violinist's career was uppermost in his mind until Paderewski persuaded him that his greater talent was for the piano.

After a period of study in Paris, which has since been his home, Bauer's debut was made under particularly propitious circumstances, and the result was a positive furore. Tours of every section of Europe were made during the next few seasons, and the pianist's fame was firmly established.

In America, Bauer made his first appearance in 1900 with the Boston Symphony Orchestra, and a limited tour followed. Since then he has visited this country no less than six times, and always with marked success. He has played with every symphony orchestra in America, while his recital appearances have embraced the most important cities from coast to coast.

The Chicago Herald had the following press notice after his appearance in Chicago:

"Mr. Bauer evoked by his playing the liveliest admiration. He demonstrated that he is one of the best equipped and most musicianly pianists appearing on the concert stages of this land and of other lands. His performance of Schumann's work was filled with beautiful understanding of all the poetry and charm that are inherent in his work."

AUTHORITIES OFFICIALLY END RUMORS OF GERARD'S MISSION.

NO PEACE PROPOSITION

Wall Street Starts Report That Kaiser is Making Overtures to U. S. Through Ambassador.

Special to The Democrat-Forum.

Washington, Oct. 7.—A complete denial of the report that Ambassador Gerard brings peace overtures from the kaiser to be put into the president's hands was authorized by the state department today.

The Boston News Bureau put out the report this afternoon saying that Charles E. Sadin of the Guarantee Trust company was the bank president who summoned the reporters yesterday and gave out the information that Gerard was bringing a peace proposition from Germany.

Mr. Sadin later admitted that it was he who gave out the report regarding Gerard, who was to make the peace proposition. According to the reports, it was decided by Sadin and his Wall street associates to make public Gerard's mission. Consequently, the subsequent announcement was made.

Dr. E. C. Braniger returned last night from Kansas City, where he attended the opening of the Western Dental college of that city this week. Dr. Braniger is vice president of the college. Arrangements were completed this week by which the dental college will become the dental division of the new Kansas City university.

The Western Dental college was founded twenty-seven years ago. The college at this term has the largest class in its history.

Dr. J. C. Willis, president of the University of Kansas City, said: "The Western Dental is one of the most progressive colleges of its kind in the whole country. The ideals of its illustrious founder are well carried out by the young men now in charge of the college. It is the purpose of the university to retain the name and management of the Western Dental college and to acquire the property now occupied by the college as its permanent home."

Miss Edith Wren left last night for Minneapolis, Minn., where she will spend the week end visiting friends.

GREAT ATTEMPT TO EVICT BULGARS

FIRST CONCERTED OFFENSIVE BY ALLIES IN MACEDONIA.

LULL IS REPORTED ON SOMME FRONT

Allied Fleet Bombards Bulgarian Port, But Ships Are Driven Off by Sea Planes.

Special to The Democrat-Forum.

Paris, Oct. 7.—Last night was calm on Somme front, the war office announced, although the artillery duels continue. Progress of the French, British, Serbs and Italians on the Macedonian front is reported today. The French also report the giving away of Bulgarians from the Nevolren district. This was also reported yesterday by the British. The Italians report successes near Lake Buko. The Serbs moved forward on the western end of the line while the French, operating near Vardar river, also pressed the Bulgars back.

Interest in East.

London, Oct. 7.—The first concerted offensive by all the allied armies in Macedonia is now under way in what may be regarded as the great attempt to drive the Bulgars out of Greece. The chief interest in the war continues to be directed toward the Balkans, especially because of the lull which settled on the western front. Bucharest officially admits the retirement of the Rumanian troops in Transylvania, where fighting is still in progress.

Germans Meet Repulse.

Russia, Oct. 7.—The Russian war office reported that four heavy attacks by the Germans at Zlotalipa were repulsed with severe losses. Terrific losses were inflicted on the Bulgars at Dobrudja.

Germans Still Repulsed.

London, Oct. 7.—Attempts by the Germans on the Somme front to win back lost ground northeast of Eaucourt L'Abbaye in bombarding attacks, were repulsed by the British last night. Otherwise the night was quiet except successful trench raids by the British near Armentieres and Loos.

Bombard Dradnaught.

Sofia, Oct. 7.—An Allied fleet bombarded the Bulgarian port, Dradnaught the war office announced. The ships were driven off by seaplanes after doing slight damage. Attempts of the Serbs to cross the Tiperna river near Skotchivir were repulsed.

AGREE ON MUTUAL PLAN.

EIGHT-HOUR ATTACK IGNOBLE, SAYS OLNEY

Hughes "Hadn't the Nerve" to Demand Filibuster in the Senate Against the Law.

WILSON'S ACT COURAGEOUS

Member of Cleveland's Cabinet Praises President's Domestic Achievements and Policy of Averting War.

No American can speak with higher authority on the issues of this campaign than Richard Olney, who was President Cleveland's Attorney General during the railroad strike of 1894, and President Cleveland's Secretary of State when the Venezuelan message was sent to the British Government. He should know whether President Wilson's action in averting the railroad strike was a "surrender to force"; whether the Wilson foreign policy has been "timid and vacillating".

Mr. Olney seeks no political preferment; his interest is that of a retired statesman, of a wise, experienced, dispassionate patriot, who is concerned only with the welfare of his country.

Mr. Olney has written for the New York World a signed article in which he warns the American people against the danger sure to result from turning over their affairs to Mr. Hughes and the interests which would dictate his policies, foreign and domestic.

Where Was Hughes' Nerve?

Discussing the passage of the Adamson eight-hour law, Mr. Olney points out that the Republicans of the Senate, if they had really wished more time for consideration of the bill, could have obtained it by means of a filibuster, as a recognized Senatorial weapon, and adds:

"Why did not the Republican Senators resort to it and get all the time for deliberation they wanted? What was Candidate Hughes doing that he did not make the wires hot with messages to Washington—warning against the law the seventy-four Republican Representatives who voted for it and urging the twenty-eight Republican Senators to filibuster to th last ditch?

"But neither he nor the Republican leaders generally had the nerve to face the situation. With ample means in their hands to prevent legislation until after its due consideration, they deliberately elected that it should appear to be enacted under coercion in order that, after the great national deliverance had been effected, they might object to the mode of its accomplishment.

"A pettier and more ignoble game of politics never was conceived. In comparison, and in view of the sudden and extraordinary exigency sprung upon the country, President Wilson's course was characterized by both courage and common sense."

Of Candidate Hughes' conduct in the campaign, Mr. Olney remarks:

"No sooner was the nomination assured than the robes and ermine of the Judge fell from the candidate as if by magic, and there appeared in their place the motley wear of the ordinary office seeker—a transformation as sudden as that made by the wand of Harlequin in the pantomime, and a transformation showing how thin is the judicial veneer, and forever discrediting the United States Supreme Court as a training camp for high political office."

Has Kept Rudder True

In its conduct of foreign relations the Wilson Administration, Mr. Olney says, "has kept its rudder true and has won and deserved the respect and gratitude of the country."

The principles and objects of the Wilson foreign policy as stated by Mr. Olney have been:

First—To keep the country out of the great European war.

Second—To insist upon the existence and vitality of international law as determining its own status as a neutral, and defining its rights and obligations as such.

Third—To deal with the Mexican situation in a spirit of perfect fairness and friendliness to the Mexican people, now suffering from civil dissensions and revolution to an extent which leaves a large part of the country in a state of anarchy.

Mr. Olney shows that all these objects have been attained through the wise, patient and courageous diplomacy of Woodrow Wilson; that the President has kept the country at peace without dishonor; that under his leadership "the United States has rendered an inestimable service to belligerents and neutrals and to all mankind" in "steadily bearing aloft the banner of international law as the standard under which all civilized peoples must eventually gather."

Mr. Olney finds particular cause to commend President Wilson's Mexican policy. He stands with the President in declaring that the Mexicans have the right to work out their own destiny even through revolution.

Closing by asking what is likely to happen if the "Presidential tiller passes into new hands," Mr. Olney says that Hughes' inducement to change the existing foreign policies of the country will be very great.

"The American people can hardly fail to realize the danger and to refuse to put at risk the continuance of a foreign policy which, as a whole, must have their hearty approval."

"LIFE" TURNS TO WILSON

Clever Oracle by Society Has Seen the Light—Calls Him Great American Progressive.

Special to The Democrat-Forum.

New York, Oct. 5.—"Life," the fearless, talented and clever oracle of society, once an unsympathetic critic of President Wilson, has seen the light. In the current issue, out today, it ventures the opinion that Mr. Wilson is the greatest American progressive since Thomas Jefferson. It says:

"He is perfectly willing to use the rich to beat riches and aristocracw.

"Jefferson fought the federalists, including most of the rich and respectable people in the country; Jackson fought the United States bank; Lincoln fought the slave holding aristocracy and all its allies; Roosevelt fought here and there—the trusts, the railroads, the bankers, off and on, but Roosevelt is an aristocrat and has compassionate bowels for his own kind.

Wilson Not an Aristocrat.

"But Mr. Wilson is not an aristocrat. He has fought, according to his lights, against the exploitations of the bodies and energies of the common people to defend the interests and investments of the prosperous.

"At the start he would not fight in Mexico to defend American investors; he would not take sides with Rockefeller in the Colorado strike, he helped reduce the tariff; he alleviated the domination of the money trust; he would not get us into the war even after the Lusitania, though he did risk doing so, and although all 'society' wanted to get in; and he would not side with the railroads against the brotherhoods.

For the Mass of People.

"This man is for the mass of the people. He really is a great Democrat. He is a good hand to nip the tariff cobra, the banking adder the railroad boa constrictor, when that is necessary.

"It is his nature to fight the creatures. It was not Roosevelt's nature to fight them. He could slash around among them on occasions, but he enjoyed their society. His notion of government was always government by aristocracy."

APPOINTS COMMISSIONERS

To Locate New Private Road—Court to Meet Again Oct. 24 to Select Election Judges.

The county court in session this morning appointed Hugh McClurg, Grant Dowling and Will Bainum as commissioners to locate a new private road and assess damages for the private road of Jonas Campbell through the farm of Charles Hollensbe. The commissioners are to report at the next term.

The court also granted the application of several Barnard residents for more land in order to construct a grade on the highway just west of the river bridge at Barnard in order that the road may be passable in flood times. A strip of land about twenty feet wide and fifteen rods long will be condemned on the north side of this road for this purpose.

The court has agreed to spend $400 for this purpose.

Judge and clerks for the election to be held on Tuesday, November 7, will be selected at an adjourned session of the court to be held October 24.

A marriage license was issued to Milton J. Hull of McPherson, Ia., and Eva Burks of Pickering.

High School Notes

By WILLIAM VAN CLEVE

The total enrollment of the high school is somewhat smaller this year than last. There are now 226 students in the high school, thirteen less than last year. The decrease may be accounted for by the fact that only eighteen came into the high school from the 8th grade, whereas thirty graduated in the class of last spring. That the decrease in attendance is not due to the increase in tuition is shown by the fact that there are forty-eight non-resident students. Of these there are three holding scholarships and four serving as librarians who are exempted from paying tuition. The cause of the increase in tuition was the increased cost of operation of the schools. The school board made an investigation in which they found that the average cost per student in the Maryville high school was $5.20 a month. Therefore it was necessary to raise the tuition from the old rate of $3 a month to $5.

There are 887 enrolled in the grades.

The beginning seniors held their "wienie roast" Wednesday night. So far no casualties have been reported.

* * *

The advanced seniors met Monday afternoon and chose their class rings and commencement announcements. The order amounted to something over a hundred dollars, and was given to Will Hutchison, agent for Quayle & Son.

* * *

As president of the advanced senior class, Claud Glass is the busiest man in Maryville. He is getting between thirty and forty letters a week from jewelers, engravers and other companies dealing in senior class supplies.

* * *

At an assembly Thursday an announcement was made of the lyceum course of this year, and all students wanting tickets were asked to give their names to Prof. McDonald. There was some talk of raising the price of student tickets to $1.50, but it was decided to let it remain at $1. About 75 have already signed up for tickets.

* * *

Phil Colbert came to the high school yesterday as a representative of the Normal, to announce the opening of the Normal football season and to ask the support of the students of the high school. A good sized bunch of high school students attended the game yesterday and rooted with all their usual "pep." The high school appreciates the courtesy and kindness of the Normal in allowing us to stage our football and basketball games on their grounds and will give them all the support possible. This spirit of cooperation is good for both schools and for the town.

* * *

It has been definitely decided to issue a school paper, but the date of the first issue has not yet been decided upon. The paper will be under the control of the English department, and Miss Keeler is appointing the staff.

* * *

There were three assemblies last week and there will be the same number next week. The "pep" meeting for football which was originally scheduled for Friday will be held Monday morning, before the team leaves for Stanberry. Tuesday another assembly will be called and reports of the game will be heard. Thursday the advanced seniors will entertain the school at assembly.

* * *

Besides the regular assemblies, impromptu programs are given every morning before school opens and during the noon intermission. A room has been set apart for those who wish to study and the assembly hall has been thrown open to the use of the students. The innovation is proving very popular.

THE TATTOO CRAZE

FAD SWEEPS ENGLAND'S RICH AND POOR.

Used Especially by Soldiers—Bashful Youths Use It as a Means of Proposing.

Special to The Democrat-Forum.

London, Oct. 7.—A craze for tattooing is sweeping England. Both rich and poor have taken up the fad.

King George was one of the pioneers. The king tattooed with butterflies, dragons and flags on his arms, by a Japanese artist several years ago. Today there is hardly a society man or woman, who does not bear some indelible emblem.

When war was declared and the manhood of England rushed to the colors, a number of tattooists opened little shops in working class districts and started tattooing the names of their customers on their arms for the small sum of 6 cents. Originally this was done as a precaution, so they could be identified in case anything happened to them at the front. The craze soon spread. Husbands had their wives' names indelibly punctured on their arms and wrists with such mottoes as "Mary Jane, my dear old wife, always thinks of Jimmy Blades, her soldier husband, August 21, 1916," or, "I'll never kiss another girl till I come home to my old Dutch."

Some bashful youths propose through having the names of their Dulcineas tattooed on their wrists. This strange method of love making was described by a "professor" who at one time used to practice at Coney Island.

Prick "I love sweet Lily Smith," a youth will say, "on me where everyone can see it." He lays down 6 cents (3 pence) and the job is done.

Then he puts his hand on a counter, or somewhere, where Lily can see it and if she wishes to accept him she comes to the tattoo expert and has "I love brave Jack Jones" tattooed on the back of her hand and lets Jack read it. That breaks the ice and the courtship proceeds.

The "professor" added that the lovers sometimes came back to have the sentence blinded or covered. Over the writing is tattooed the Union Jack or a dragon.

Grand champion boars from Minnesota, Nebraska, Iowa and Kansas, and champion sows from these states and also Illinois, Wisconsin, South Dakota and Sioux City Interstate. While there was not a large number, yet the quality was good. The grand champion boar and sow went to Fred Sievers of Audubon, Ia.

Mr. Davis with the other officers of the show, was entertained at luncheon by Governor Morehead of Nebraska on Monday. Thursday was the big day of the show, when President and Mrs. Wilson were in attendance.

The Women's Home Missionary society of the First M. E. church was entertained at the home of Miss Ethel Embree, southwest of Maryville, yesterday afternoon. Twenty-five members were present. Burks-Hull Nuptials.

Just as the sun in golden glow threw its cheerful beams over the horizon for the first time this morning, at the home of Mr. and Mrs. William Burks, Miss Eva Ruth Burks of Pickering and Milton J. Hull of McPherson, Ia., took the wedding vows which launched them into matrimony. The Rev. E. H. Hutchison of Pickering, their pastor, officiated. The couple were led to the altar by Ed Hanna and the pastor, marching to the music furnished by the groom's sister, Mrs. Hanna, who afterwards took the pastor's place as an attendant.

Following the ceremony, the immediate families of the couple accompanied them to Maryville, where Mr. and Mrs. Hull boarded the morning train for Et. Joseph. They will remain there for a few days and then go on to their new home at McPherson, where the groom has a good position.

The bride wore a dark brown suit trimmed with fur and a hat to match. Both the bridegroom and the bride come from prominent Pickering families, namely, those of C. E. Hull and William Burks. It is with great regret that their friends see their lives and influence removed from the community, where they have rendered such faithful service in the church of which they are members. Their friends wish them a happy and successful life.

THE DEADLY PARALLEL

The people of Missouri have the right to judge of the promises of the Republican party by its performances in the City of St. Louis, where the Republicans, for many years in undisputed control of the city government, have had every possible chance to carry out their ideas of efficiency and economy. Read and compare. Let the records speak.

A TALE OF TWO GOVERNMENTS

DEMOCRATIC	REPUBLICAN
1. The State of Missouri is ruled by Democrats.	1. The city of St. Louis is ruled by Republicans.
2. The Democratic State government costs less per capita than any other state government.	2. The Republican city government of St. Louis costs more per capita than any other city government in the United States.
3. Missouri controls over three million people.	3. St. Louis controls about 750,000 people.
4. The State expends but $5,981,-134 per year.	4. St. Louis expends $10,500,000 per year.
5. The cost of the State government per year is only $1.81 per capita.	5. The cost of the St. Louis city government per year is $14.00 per capita.
6. About seven per cent of the income of the State government goes for salaries.	6. Seventy-five per cent of the enormous income of the City of St. Louis is frittered away in salaries, as shown by the City Comptroller's report.
7. The entire pay roll of the State of Missouri amounts to less than one million dollars.	7. The City of St. Louis throws away one million dollars per year in salaries paid to useless clerks declared by the Chairman of the Efficiency Board to be wholly unnecessary.
8. The Democratic State government paid off a bonded debt of $40,000,000, left by Republicans, and it did so while reducing the State tax levy from fifty down to fifteen cents.	8. The Republican city government has steadily increased the bonded debt of St. Louis, while just as steadily increasing the tax rate.
9. The State five years ago voted $3,500,000 for a new capitol. The capitol is almost finished and will be completed within the appropriation.	9. St. Louis nearly ten years ago voted $3,500,000 for a free bridge. The bridge has already cost nearly $7,000,000, is not nearly finished and the end of the cost is not in sight.
10. Out of its state revenues the Missouri government has created and maintained a university and five normal schools, and maintains the largest permanent school fund in the Union.	10. Out of its city revenue St. Louis has never created or maintained a university or a normal school; has never created or maintained a permanent school fund, and now finds a $3,000,000 bond issue necessary for school purposes.

Mr. Taxpayer, *this hits you.* How do you like the comparison? Which government do you prefer? Think it over—and cast your vote for Democracy, for economy, for efficiency, for

ELECTRIC LIGHTS FOR BOLCKOW.

Since Barnard Will Use Service From Maryville, Probably an Extension Will Be Built to Bolckow.

The following is taken from the Bolckow correspondence in the Savannah Reporter:

W. E. West last week received a letter from the Maryville Light and Power company concerning a meeting for the purpose of discussing an electric line to supply Bolckow from the Maryville plant.

They are to run a line to Barnard in the spring and some time previous to that, probably the first of the year, they will visit our town and attempt to make satisfactory terms for lighting it. Doubtless the desire for the conveniences of electricity is general, and the town unanimously will help the Maryville gentlemen to hope that terms of mutual satisfaction may be reached.

WHAT THE EDITOR'S Nodaway SCISSORS FOUND

BARNARD BULLETIN.

Mrs. John Schneider and two children left Wednesday morning for Liberal, Kans., where she will visit her father, John Shaver, for about two weeks. Her husband accompanied her as far as St. Joseph.

Mrs. P. R. Nelson left for St. Joseph Monday to take treatment with an eye specialist there. She has to stay a week at a time and must go one week in a month to get relief.

Hugh King had the misfortune to have a valuable horse injured Wednesday afternoon. It seems that the horse was loose in the barn lot and that it caught its head between a door and a casing and pulled back. The door closed in on the horse's head and the harder it pulled the tighter it held. It was found late in the afternoon in a paralyzed condition. At this time it is not known whether it will be permanently injured or not.

PARNELL SENTINEL.

A reception was given at the M. E. church Monday night in honor of Rev. W. E. Tinney and family as a token of the esteem in which they have been held by the members of the church and others; also to welcome the new minister, Rev. J. E. Kemper, and family. A large crowd was present and spent a most delightful evening. Lunch, consisting of pumpkin pie, doughnuts and coffee was served. Rev. Tinney and family left Tuesday morning for their new home at Wyaconda, which is in the eastern part of the state and in the Kirksville district.

B. A. Jones and wife and Harry Garner left Thursday morning of last week for Louisville, Ky., in Ben's Ford. Mrs. Jones will probably return in three or four weeks. They arrived in St. Louis Sunday morning.

CONCEPTION COURIER.

L. H. Richards of Gentry and Mrs. Rosa B. Swinford were quietly married in Maryville, Saturday, September 30, 1916, only a few personal friends of the contracting parties being present at the ceremony. The bride and groom returned to Conception Junction immediately after the ceremony and were entertained at six o'clock dinner by Mr. and Mrs. W. O. Kuhn. They will make their home in this city, having purchased property here.

Mrs. R. Farrell arrived here from Omaha, Nebr., Tuesday evening to join her husband, Dr. Farrell, in a new home. They will occupy the house recently vacated by Mrs. Rosa Stuckle.

P. R. Growney and wife, Ray Evans and wife, Mrs. Jas. Morrisey and her daughter, Nellie, Mrs. George Gross and Jack Eagan attended the Morrisey-Eagan wedding in St. Joseph, Tuesday.

Mrs. H. D. Giles and daughter, Edith, left Tuesday evening for a week's visit at the home of her sister, Mrs. P. Daly, at Waterloo, Iowa.

CLEARMONT NEWS.

There are an even hundred pupils enrolled in our schools now. Of that number 21 are in the high school and strange as it may seem, 12 of them are boys and only 9 girls. The class that expects to graduate at the end of the school year is composed of six members, five boys and one girl. This is sure out of the ordinary, as the girls are generally largely in the majority.

Mrs. Harvey Hornbuckle was taken to the hospital at Maryville last Thursday, and on Saturday was operated on for appendicitis. She stood the operation well and is getting along nicely.

John Burch shipped one car of hogs and two cars of cattle to Chicago Saturday, going along with them. The cattle were extra good steers, weighing 1530 pounds.

The car load of cattle, 32 in number, that John Burch shipped to Chicago last Saturday, brought him a little over $150 a head. That is a pretty good price.

HOPKINS JOURNAL.

Joe Holker, the stockman, went to St. Joseph last week with a fancy load of whitefaces of his own feeding, well-fatted 1200 pound cattle. He was offered ten cents a pound, but this did not look good to him, so he sent them on to Kansas City. Not getting an offer there of what he thought they were worth, he shipped them back to Hopkins, and will likely feed them until Christmas. He believes that they will bring him twelve cents or better by that time on the Chicago market, being offered eleven cents if he kept and fed them until then.

Sam Robbins last week bought of Sam Pratt the 100-acre farm adjoining the Robbins farm on the south. Mr. Robbins and Mr. Thompson, east of town, have formed a partnership, and will stock the Robbins farm on shares. The price paid for the Pratt land is $90 an acre.

Many will be surprised to learn that "Jim" Pistole is quitting the black cattle business, now turning his attention to the Red Polls. Sim Lasley, another black cattle man, has joined the banker by smiling on the reds. Ask Arch McMaster for full particulars.

John Adkins says he has some as fine corn as was ever raised. He says some of it is good for 100 bushels to the acre, but of course only a part of it. He is feeling good over the prospect, as the overflows ruined the last two crops, and this one is all right and out of danger of the frost.

Workmen began this week building a dwelling for George Tibbetts on his farm northeast of town. It will be a good sized house, 16 feet studding, with basement, and when completed, a good farm dwelling.

Mrs. Geo. W. Livengood received a letter from her daughter, Mrs. Bess McAtee, saying she was the victim of a bad runaway last Saturday morning and was badly hurt. She was in a hospital at Huron, S. D., when she wrote, and was improving.

Some one stole a bee gum, honey and all, from Eck Horn a few days ago. He says, "keep the honey, but bring the gum back so I can get it filled for you next year."

SKIDMORE NEWS.

Mr. and Mrs. A. J. (Jack) Wells moved to Maryville this week. Jack has a position at the Normal firing the heating plant. Mr. and Mrs. Wells have resided here for the past few years and have a host of friends here who wish them success in their new home. Mr. Wells has been working at the carpenter trade while living in Skidmore.

Mr. and Mrs. P. T. Adkins left Wednesday morning for Rochester, Minn., where Mrs. Adkins will take treatment at the Mayo hospital.

A whole bunch of teams came in from the West Tuesday morning and hauled Rev. Sauceman's household goods to their temporary home five miles south of town, where he will live until a parsonage can be erected at the Burr Oak church.

F. C. Curnutt, 7¾ miles northeast of Skidmore and ¾ of a mile east of the Gill school house, sold his forty-acre farm to N. B. Shrewsberry for $65,000, being $163.50 an acre.

RAVENWOOD GAZETTE.

As an evidence that live stock is high, there were two loads of hogs shipped from this point last week that netted the owner $4008. John Davis had a load of cattle off the grass that sold for $130 per head, or $3,000 for the car load. Another party sold eighty-two spring pigs that weighed 173 lbs., and kept six at home for his meat, and this from 12 brood sows, making more than $120 for each litter.

While on his way home from Ravenwood last Saturday evening, George Warehime, son of Mr. and Mrs. Chas. Warehime, had the misfortune to be thrown from his pony onto his head, rendering him unconscious until the next morning. As we go to press this Thursday afternoon we are informed that the boy is better.

That Ravenwood is coming to the front with fancy poultry was evidenced last Tuesday, when Mrs. Charles Mow shipped six of her thoroughbred Rhode Island Red cockerels to N. H. George at Gotebo, Okla.

A sure-enough record breaking pig story was related to us the first of the week by our friend, W. H. Tucker. He reports as having received 57 pigs from five pure bred Red Jersey sows in twelve hours last Tuesday.

BURLINGTON JUNCTION POST.

Contractor W. M. James turned the keys of the new brick building on West Main street over to the proprietor, W. I. Myrick, Saturday evening, and Mr. Myrick, with his partner, Chas. Woods, is engaged in getting things "squared up" for business. This is one of the nicest buildings in town and helps the appearance of the street a great deal.

A few Burlington Junction nimrods are getting very anxious for ducks and geese to visit the lakes occasionally, even when they know there is no more likelihood of seeking a wild fowl than an alligator. A few teal have been killed by that early bird, "Bill" Guyette, who always has the first shooting of the season, but ducks are mighty scarce to date. The dry summer and fall has made a scarcity of surface water and there will probably be a very poor season here.

Frank Miller sold two loads of corn recently to the Gordon Commission Company of St. Joseph, receiving 77½ cents a bushel for it. Last week he received $10.15 a hundred weight for his hogs. Frank usually has the knack of selling on a high market, which is a big part of success in farming and stock raising.

Walter Mendenhall returned Saturday from Chicago where he was summoned by a message announcing the serious injury of his brother, Verne E. Mendenhall, who suffered a basal fracture of the skull Tuesday, when he fell on a flight of steel stairs. He was unconscious for four days and during that time his condition was very critical. He is slightly improved, but it will be some time yet before he recovers sufficiently to be removed from the hospital to his home.

Jack Frost was present again Friday morning and did some damage to tender plants. Most of the corn is out of the way, however, and it will not be long now before the ears begin thumping in the wagon box and some big husking records will be made.
